

REMARKS

The Examiner, Ms. O'Neill, is thanked for the courtesy extended applicants attorney during the telephone discussion of October 6, 2006, wherein amendments, as effected by the present amendment, were discussed in order to overcome the objection to claim 1 and the rejection of the claims under 35 USC 112, first paragraph.

In accordance with the discussion, claim 1 has been amended to correct "fixed" surface to the "first" surface so as to provide proper basis for the claim language, and in accordance with the Examiner's suggestions in the Office Action, claim 1 has also been amended to recite a "power stop" state and a "power start" state in accordance with the language utilized in the specification. Accordingly, applicants submit that the claims, as amended, overcome the objection and rejection as set forth in the Office Action, it being noted that the Examiner, during the telephone discussion, appeared to indicate that the amendments would overcome the objection and rejection of the claims.

In view of the amendments, applicants submit that the application should now be in condition for allowance and issuance of a Notice of Allowance, is respectfully requested.

To the extent necessary, applicants petition for an extension of time under 37 CFR 1.136. Please charge any shortage in the fees due in connection with the filing of this paper, including extension of time fees, to the deposit account of Antonelli,
